Gentlemen:

Please find enclosed our application for a permit to drill a new well for community domestic, fire protection, irrigation and stock water use.

We have received word that the Ranch's major contributing organization, the North Pacific Covenant Men will be contributing the cost of drilling this well. They will be holding their annual fall conference at Circle C Ranch October 4, 5, and 6th. They have requested that arrangements be made for the driller to be on site at that time, to stimulate interest in the project.

These arrangements have been made. We would consider it very helpful if our permit could be processed by that time, if at all possible, barring any application errors of course.

Thank you for your kind help!

Sincerely,

Doug Schulz
